CHESS 2026/2027 K-2 Course Descriptions

Famous Americans; 8:15

In this two-semester course, students will be introduced to the lives and deeds of many extraordinary people from our American history. We will learn how God used them to leave a legacy for us today. Individuals include Benjamin Franklin, Daniel Boone, and Laura Ingalls Wilder, to name just a few. Class will often include hands-on activities. Abeka's *Our American Heritage* is the main source for the class.

Course Details

- Two 14-week semesters. Class meets one day a week (T).
- Pre-requisite: none
- Text: none required
- Homework: none
- Internet needed for homework: no
- Material fee: none

Come Ye Children – The Parables of Jesus; 8:15

In this two-semester class, the children will be learning the Parables Jesus taught. The students will be told a Parable a week. Each parable will be followed by either a game, craft, song, memory work, or the like, to help them engage with the lesson from the story. The goal is that your child will be able to know the Bible and begin to have some familiarity with basic Christian truths.

Course Details

- Two 14-week semesters. Class meets one day a week (T).
- Prerequisite: None
- Texts: None
- Homework: None
- Internet needed for homework: no
- Material fee: $10

Elementary Choir, grades K-8, 9:15

In this two-semester course, we will be learning themed or seasonal music from a variety of genres for performance each semester. We focus on vocal technique, especially learning how to control pitch and dynamics. Students are required to attend the end-of-semester performance which is generally scheduled for the final week of each semester. The specific date is scheduled by the beginning of each semester.

Course Details

- Two 14-week semesters. Class meets one day a week (T).
- Prerequisite: none
- Texts (sourced & purchased by family; please purchase prior to class): None. Music will be provided by the teacher.
- Homework: none
- Internet needed for homework: no
- Material fee: none

Math Lab; 10:15

This two-semester class intends to help students gain a positive perspective on math and improve their math concepts and skills. We will use a variety of hands-on manipulatives, games, activities, and subject-related read-aloud books to explore the many areas of math: numbers, patterns, shapes, measurement (linear and capacity), place value, time, money, fractions, addition and subtraction, and real life ("word") problems.

- 14-week semesters. Class meets one day a week (T).
- Prerequisite: none
- Text (sourced and purchased by family): none
- Homework: none
- Internet needed for homework: no
- Material fee: none

K-2 Art - *ABC, Let's Draw!;* 11:15

This two-semester course is an early-learning course designed towards the development of using art materials, replication, imagination and classroom participation, using a letter each week to remember what we learned. The students will get to try a few different kinds of art styles and will be taught some of the basics of colors and shapes. All this will be happening as we refer back to the way God created some really beautiful, fun, and crazy things.

- Two 14-week semesters. Class meets one day a week (T).
- Pass/Fail class.
- Prerequisite: None
- Text (sourced and purchased by family): None
- Homework: Scripture memorization
- Internet needed for homework: No
- Material fee: $5

Basic Sign Language (grades K-8); 2:15

In this two-semester class, we will learn many signs. By the end of the school year, students should be able to have a brief conversation using sign language. We will discuss why the students want to learn sign language and what they can do with that knowledge. We will also discuss deaf culture and why understanding deaf culture is an important part of learning sign language. There will be quizzes and homework.

Course Details
