<u>RETURNING</u> FAMILY RE-ENROLLMENT IN THE CHESS INDEPENDENT SCHOOL

- **Re-enrollment opens mid-May through June 30.**
- A non-refundable, family re-enrollment fee of $125.00 is due when application is submitted.
- Late re-enrollments accepted up to September 30. A $50.00 fee will be charged for late re-enrollment.

Please note:

- All re-enrollment paperwork as listed below is due with the submitted re-enrollment form by June 30.
- Re-enrollment paperwork received between July 1 and September 30 will incur a late paperwork fee of $25.00 per paperwork submission.
- If we do not receive re-enrollment paperwork by September 30, families will need to follow all instructions for New Family Enrollment on our Colorado Heritage webpage (see Independent School). This will include paperwork submissions and a New Applicant Interview with our principal as well as a $50 late submission fee (see *New Family Enrollment* instructions).

Steps to Re-enroll:

1) Complete Re-enrollment Forms: Complete all re-enrollment forms which can be accessed by signing into your Praxi Portal via the Returning Family button and submit the non-refundable, family re-enrollment fee using our Parent Portal system.

2) Submit Paperwork on Time (Please see section on truancy below.)

- **Actual Attendance Calendar**: Turn in your Actual Attendance Calendar for the previous school year. Colorado Heritage requires that at least 172 days at an average of at least 4 hours a day (688 hours) of attendance be fulfilled by each student in our Independent School.
- **Standardized Test Results**: Turn in any standardized test results or professional evaluation results every other year. (This is only necessary if you did not test with Colorado Heritage or if you took a Professional Evaluation with a teacher other than our Partnered Teachers.)
- **Immunization Records:** Please keep records of your immunization paperwork, or your annual immunization exemption form, in your files at home.
- **Other Records** (Optional): Turn in any other report cards or academic records from **<u>only the previous year</u>** which you wish us to keep on file for your family.

Important: Colorado Heritage reserves the right to dis-enroll and deactivate family files if there is failure to re-enroll during open re-enrollment season or a failure to submit required paperwork in a timely fashion.

Avoid possible truancy issues: When ***re-applying*** to our Independent School for a new school year, you must follow up by submitting the required paperwork (some of which includes data from the previous school year) to us in a timely fashion.

If we do not receive the required paperwork in a timely fashion, we do not know:

a. If you changed your mind during the previous school year and decided to report directly to your public school district.
b. If you changed your mind during the previous school year and decided to enroll in another private school.
c. If you forgot to submit paperwork to us by the deadline but still considered yourself as schooling the previous school year under our Independent School.

If we do not receive your previous school year's paperwork on time, we cannot consider you as having been enrolled in our Independent School for that year, which may be viewed as a truancy issue.
